FIERCE FIGHTING IN HEAVY RAIN

French Reported to Have Repulsed Attack of Germans Near Lille.

GERMANS AT OSTEND

Allies Say General Situation is Constantly Improving—French Advance Toward Verdun.

Berlin, October 17, by wireless.—According to announcement made in Berlin today, German troops in the vicintiy of Ostend have reached the North Sea, and fighting is going on as far as the west as Dunkirk.

Belgium today appears to be almost completely in German possession. The French and British troops are reported as cut off on all sides, particularly around Ypres.

Paris, Oct., 17—Desperate fighting in heavy rain continues in the northwest, according to the reports reaching military headquarters today.

The Germans are reported attempting to break through the allied lines at a point vaguely referred to as "some fifteen miles from the sea coast," but it is stated that at no point have they succeeded in gaining territory.

Reports that the French have repulsed an attack in force in the neighborhood of Lille are widely circulated.

Ostend, it is admitted, is now held by the Germans in force. Another port reported occupied by the Germans with heavy force is the northerly seaport of Zeebrugge.

However, reports reaching here say the Germans have found it impossible to push their advance south along the coast because of the presence in their path of a combined Belgian-British French army.

The general situation is reported as constantly improving. The French right wing, which has been driving back the army of the German crown prince, is combining with the right of the French center and both have succeeded in advancing toward Verdun.

There is a growing belief here that the French forces, who are carrying on this campaign unaided, will be able to relieve Verdun and to occupy St. Mihiel.

Meanwhile the German lines of communication from Metz are reported in grave danger. Re-enforcements have been sent into the line at this point.

In addition certain "first line" troops have been withdrawn from other points where they were not needed, to assist in this maneuver which, if it proves successful, will transfer the fighting on the east of the line to German territory

KISS STRATEGY TO SHOOT.

Frederick, Md., Oct. 17.—"Come, kiss me," Gordon West pleaded to his wife, when he saw her this evening at the home of Wesley P. Summers, near Libertytown. As she embraced him he shot her.

As her head lay at a slant on his shoulder, the bullet glanced along her skull, cutting a deep gash, but it is feared that she will not recover.

The husband escaped, and search is being made for him. He is 25 and his wife about 30. They have one child, about a year old, and had been separated eight months, the wife keeping house for Summers.

Cholera Spreading.

London, Oct. 17.—The Rome correspondent of the Daily Star says cholera spreading at a great alarming He declares that here are 10,000 cases in a single city in northern Hungary, mostly soldiers.

FUNERAL NOTICE.

DIED—October 17th, 1914, at the Sibley Hospital, Washington, D. C., ELIZABETH A. CLARKSON, 68 years old. Funeral services from the Second Presbyterian Church, Alexandria, Sunday, October 18th, at 4 o'clock.

NEWS OF THE DAY

Sir Valentine Chirol, in an article in the London Quarterly Review, reveals for the first time the fact that an attempt was made by Germany during the latter stages of the South African war to entrap England into entering an offensive alliance which would virtually have committed England to the support of Germany in any attempt to override the Monroe doctrine.

A dispatch from Rome announces the death of Marquis San Guiliano, minister of foreign affairs. The Marquis had not been in good health for some time. He was a foe of the war party in Italy that has been advocating war on Austria. He took the stand that if Italy did not live up to the terms of the Triple Alliance and go to the aid of Austria and Germany, it should not war on them. Against the orders of his physicians, the Marquis reported at his office nearly every day in an attempt to avert war.

National defense, the placing of the armed forces of the United States on a modern and adequate basis, will be one of the principal issues fought over at the next session of Congress. As a result of the European war, so strong a sentiment in favor of placing the United States in a position to itself in the event of war with a first class power has developed through the country that the next session and the next Congress promises to show a strong, persistent military faction, drawn from both of the big parties.

GERMANS RETREAT.

Petrograd Tells How Teutons Were Led into Trap, Then Cut to Pieces.

Petrograd, Oct. 17.—That the Germans are still being hard pressed and are in full retreat in Russian Poland west of Warsaw, was the claim made by the war office today.

It was stated that the Germans were vainly endeavoring to rally their forces which have been badly cut up in the fighting that has now been in progress without cessation for eleven days

The war office insists that the Germans were lead into a trap, the Russians retreating for strategic purposes until they had reached a point previously selected, and where the heavy Russian artillery was mounted in great strength.

The Germans, flushed with their apparent sucess, were bombarded from all sides, and literally cut to pieces being compelled to retreat and abandon camp equipment, transports, and guns.

One entire ammunition train is reported to have been captured.

The fighting at every point has been characterized by a series of night attacks in which the Russains are declared to have inflicted enormous losses on the emeny.

The war office in dealing with the Galician situation, reports the situation at Przemysl unchanged. The garrison has attempted sorties only to be repulsed with great loss, and the fall of the fortress is considered merely a question of time.

CONDITIONS IN AFRICA.

London, Oct., 17—Dr. Wareham, a missionary at Kawimbe, Rhodesia, writing on August 26, asserts that Germans were then arming the Rungaruga natives. He sent a message to the English commander saying:

"Remove all our Europeans as our native soldiers will massacre them all."

Dr. Wareham wrote again on September 7 alleging that a German force was seizing or killing native women and children around Abercorn. He added: "It is an understood rule that natives shall not be brought into the rows of the whites but as the Germans enrolled their natives and incited them to burn or kill we were obliged to call on ours. The Amambwa and Amembwa peoples are now flocking to the aid of the English and are delighted at the chance to burn and kill and are looking forward to carrying fire and the sword into German East Africa

"One chief declares he will kill all pubescent males and cut off the noses, lips and ears of the women. They are also likely to kill all female children. Hell has been let loose and nobody can tell what is going to happen."

ENGLAND RUSHES HER "RAW LEVIES"

Another Expedition Will Soon Leave British Port for the Front.

LACK OF EQUIPMENT.

People of London Not Nervous Over Outlook—Plenty of Recruits Enrolling all the Time.

London, Oct., 17—England is rushing the preparations of her "raw levies" much faster now than in the early days of the war. As a result, it is considered certain that another British expedition will shortly be en route to the front.

There is now little doubt that the German advance southward along the French coast is certain and, as on the last occasion, it will be British arms that will be relied upon to check it and drive it northward.

The chief difficulty up to date in getting the troops into the field has been the lack of supplies. When the active army went to the front to take its place on the firing line it was accompanied by as efficient a quartermaster's department as ever existed. It is now felt that possibly it was a mistake to permit the chief officers in this department to go to the front. They have been badly needed in England.

Many of the new troops have been unable to secure needed equipment. But Lord Kitchener now has the new department working in clock work style, and equipment is being turned out at a rate heretofore considered impossible.

There is no lessening in slightest nervousness over the outlook. Plenty of recruits are enrolling, and their training is being rushed with the very equipment they will carry with them into battle.

TRAIN CRUSHES AN AUTO.

Kills Reporter, Terribly Injures Nominee for Assembly and Hurts Campaigners.

Souderton, Pa. Oct. 17.—Fred W. Simons, a political reporter for The Norristown Times, is dead; Amos McFarland, Justice of the Peace at Gulf Mills, Montgomery county, candidate for the Assembly, almost fatally injured, and John Decio and Bernard Shefter seriously hurt from a crash in an automobile in which the men and John Rex, Washington party candidate for State Senator and Harold Knight, of Ambler, Washington party candidate for Congress, were returning from a political tour of Bucks and Montgomery counties. It was struck at a crossing of the Reading Railway here at 11:30 Thursday night.

ROUMANIA IS VERGING ON WAR

Nation Anxious to Assist Slav Cause in Present Conflict.

PEOPLE ARE RESTIVE.

Turkey and Bulgaria Will, it is Said Attack Roumania if the Latter Fights Germany.

Bucharest, Oct. 17.—Public opinion in Roumania is no longer content with an attitude of neutrality. There is a desire to take part in the war, in order to effect the deliverance of almost a million Roumanians inhabiting Translyvania, Bukovina, and the adjacent districts, and there is not the slighest doubt that this national sentiment will prevail with the government.

It can be asserted positively that, should Italy abandon her present attitude and range herself on the side of the Triple Entente, Roumania also will at once make common cause with the anti-German forces. It is even possible that Roumania would not wait for Italy's decision if she could assure herself that Roumania would not seize the opportunity to provoke a third Balkan war and thus divide the energies of the Roumanian army, which at present, perfectly equipped and disciplined, would beyond all doubt display invincible bravery in a war for national unity.

The press is unanimous in demanding action on the part of the government, and support is also given to the prevailing sentiment by prominent members of the University of Bucharest.

Athens, Oct. 17.—News is confirmed from diplomatic sources to the effect that an agreement has been concluded between Turkey and Bulgaria to make war on Roumania in the event of the latter attacking Austria.

FIEND ATTACKS A GIRL.

Beats Her to Ground And Knocks Out Several Teeth

Hamonton, N. J., Oct 17.—The authorities are searching for an unknown foreigner, who Thursday night attacked Miss Mabel Werner, aged 17, felled her to the ground and knocked out several of her teeth. Miss Werner had just left a woman friend and was walking down Twelfth street, near Second road, when she was approached by the miscreant, who struck her in the mouth, raining blow upon blow upon her until she fell.

Miss Werner still desperately fought her assailant, in the meantime calling for help, and her assailant finally ran away in the darkness. Hurrying to the home of her father, Frederick Werner, she told her story, and soon Werner and several friends formed a searching party.

The assailant has not been caught.

DEAD BY FATHER'S GRAVE.

B. F. Beecher Ends Life by Shooting, As His Parent Had Done.

Centreville, Md., Oct., 17—Standing by the grave of his father, James Beecher, who also committed suicide by shooting three years ago, Benjamin F. Beecher, 30 years old, fired a load of shot into his head Thursday night and fell dead beside the mound in the Methodist Protestant churchyard at Winchester, Queen Anne's county.

Beecher, who was a sailor, was apparently in good haelth and had seemingly been in excellent spirits all day. He made his home with his brother, William Beecher, and Thursday after supper, took his shotgun, remarking that he was going on board his oyster boat. A few minutes later his brother and John Seward heard the shot, and upon investigating found Beecher lying beside his father's grave. He had placed the muzzle against his forehead and used a stick to pull the trigger.

JUNCTION EFFECTED

Berlin (via The Hague) Oct., 17—The German forces operating in Belgium have effected a junction with the right wing of the army in France announced the war office today. It was stated that the general situation is showing slow, but neverless distinct, improvement from the German viewpoint.

In France the German right wing has been engaged in a series of conflicts with the allies along the line from Noyon and Roye into Belgium.

These encounters, the war office says, while taking on the character of actual battles, have been in the nature of separate movements in which both sides have gained slightly at certain points and lost at others.

NEW USE FOR PUMPKINS.

They Are Strongly Recommended In Treatment of Bright's Disease.

The pumpkin is the latest addition to the long list of remedies recommended for the treating of those suffering from Bright's disease. A European physician, Dr. Kakowski, has discovered that this vegetable has much more important functions than the mere filling of pies. He says it reduces the dropsies resulting from chronic kidney disease, but it has to be taken in enormous quantities to effect the desired results.

That common articles of food may possess, in addition to a high dietetic value, certain medicinal virtues is indicated in the use of oatmeal as diabetic cure, in the employment of butter milk in castro-intestinal disorders, in the administration of acid fruits as anti-scorbutic (anti-scurvy) remedies, etc. Dr. Kakowski, in the Zaitschrift for physikalische and diatetischa Therapic, June and July 1914, extols the vale of the pumpkin when administered in large quantities in the treatment of dropsy or Bright's disease. He finds that it fulfills the following requirements of the ideal diuretic food: It should contain considerable water and mineral salts, but should be relatively free from sodium chloride (common salt); it should be well borne by the alimentary tract and should act as a mild laxative; it should have nutritive value and should be palatable; it should not irritate the kidneys and should not give rise to harmful metabolic products, and it should be easily obtainable, cheap and easily preserved.

CARPENTER KILLS HIMSELF.

Richmond, Oct. 17.—In the presence of three of his small children while in his bedroom just after he had arisen, Frank Mayo, a carpenter, of Highland Springs, about forty-seven years old, committed suicide yesterday morning at 6 o'clock by shooting himself through the right temple with a .32-caliber revolver. He died about two hours later without regaining consciousness.

Despondency over continued ill health and reverses in business are given as the causes of the man's rash deed. He is survived by a wife and four small children.

STEAMER WITHDRAWN.

New Schedule Announced by P & C. Steamboat Company.

The Potomac and Chesapeake Steamboat Company has put into effect a new schedule under which the steamer Volunteer, which has been running between Washington and landings on the river as far down as Mattawoman creek, is withdrawn from the service. The steamer Frederick de Barry, which makes triweekly trips to river points as far as Colonial Beach and Mattox creek and which has been making no stops this side of Liverpool point, will take up the landings on the schedule of the Volunteer.

It is stated that freights are light on the upper river routes and this caused the change in schedule. The steamer Wakefield's schedule is not affected by the withdrawal of the Volunteer from service. It is probable the Volunteer will be laid up for several months and will be given a general overhauling while out of service.

FOUR ARRESTED

Four men from Accotink George Tyler and son Embrey Tylor, Herbert Sheppard and Will Wylie were caught shooting ducks out of season by game warden A. J. Payne, in Accotink marsh on Oct. 13 and 14. They were brought before Justice Kirby, and Embrey Tyler and Will Wylie were convicted. George Tyler and Herbert Sheppard were acquitted Young Tyler and Wylie were fined $5. and costs each. The fine of the younger Tyler was remitted until Tuesday in order that he may find a stranger whom he alleges he was showing through the marsh in a boat. He claimed that he was not hunting but acting as guide.

Game warden Payne is on the alert for violators of the game laws and this should prove a warning for those inclined that way.

CASE OF "REV." BURNS

Negro Priest Alleged to Have Solicited Money and Robbed Churches in Washington.

As was stated in the Gazette, a negro named John T. Burns, who had been posing as a Catholic priest in Washington came to Alexandria yesterday for the purpose of victimizing unsuspecting people in this city. Detectives Howlett and Vermillion, of the capital city, followed the negro, and before he could get much work in here Sergeant Wilkinson and Officer Ferguson had the masquerader in custody. He was conducted back to Washington by the two detectives.

According to the Washington police, Burns, who gave Pittsburgh as his native place, was not content to obtain money under false pretenses, but made his way into churches at unseemly hours and helped himself to anything portable he could lay his hands upon. He is charged with pillaging St. Martin's Catholic Church in Washington, and the Church of the Nativity, in Brightwood. He is said to have carried away a host box, a baptismal outfit, chalice, crucifix and clerical vestments. The latter, it is alleged, he abbreviated and from them improvised shirts.

GUILTY OF ASSAULT.

Fred Reh, of Washington, Fined $100 by Corporation Court.

A jury in the Corporation Court yesterday afternoon found Fred Reh guilty of assault, in connection with the shooting of Maggie Jefferson, colored, and fixed his fine at $100. Leslie Irwin who was also indicted on the same charge entered a plea of guilty and was fined $50 by Judge Barley.

Judge Barley overruled the application for a new trial in the case of Harry Hampler, also indicted in connection with the same offense. Hampler was fined $300 and sentenced to jail for 30 days. Attorneys for Hampler will take the case to the Supreme Court of Appeals of Virginia.

Hampler was afterwards turned over to Deputy Sheriff Harry Palmer, of Alexandria county, to answer an alleged charge of obstructing an officer and aiding a prisoner to escape in Alexandria county. He gave bond for his appearance when wanted.

ACCIDENT TO STEAMER.

Potomac, Disabled, is Towed to Baltimore by the Three Rivers.

At a survey held on the Maryland Delaware and Virginia Railway Company's steamer Potomac, which was hauled out at Baltimore yesterday following the breaking of its tail end shaft and the loss of its propeller last Wednesday evening off Seven Foot Knoll, the opinion was expressed that the vessel had struck some submerged obstruction directly in the fairway of vessels entering and leavingg this port.

The Potomac is commanded by Captain A. M. Long, and sailed at 5 p. m. Wednesday afternoon for landings on the Rappahannock River. Shortly after 6 o'clock, while passing Seven Foot Knoll, the steamer encountered the obstruction. There was a heavy jar, followed by the trembling of the steamer from stem to stern. All the lights went out temporarily, due, it was said, to the breakdown of the engine.

The steamer Three Rivers, which was passing at the time, was signaled by Captain Long, who reported the accident and that vessel taking the Potomac in tow brought it to the Recreation pier at the foot of Broadway, from where it was later taken by the tug Ester Phillips to its Light street landing. There were about 25 passengers on the Potomac who spent the night on the vessel, and on Thursday afternoon these were transferred to the steamer Middlesex, which sailed on its regular schedule for the Rappahannock River.

That the bomb outrages in Roman Catholic Churches in New York have caused anxiety throughout the world was shown yesterday when it was announced that a cable message had been received in New York from Cardinal Pietro Gasparri, the papal secretary of state, in behalf of Pope Benedict, expressing the regret of the Vatican at the explosions which occurred in St. Patrick's Cathedral and St. Alphonsus' Church. The officials of the church declare they fear no further outrages, as the churches are guarded by the police as well as by special watchers.

SYNOD OF VIRGINIA.

Virginia Presbyterians Will Meet in Lynchburg Next Tuesday.

Lynchburg, Va., Oct, 17—The coming session of the Synod of Virginia of the Southern Presbyterian church which will convene in the First Presbyterian church at Lynchburg, Oct. 20th, and which will be the 26th annual session of that body, will be a session of far more than usual interest, in view of the fact especially that this will be the last meeting of the Synod of Virginia before a part of its territory is transferred in order that a new synod may be erected—the Synod of West Virginia. The erection and organization of the new synod will take place on October 27th, at Lewisburg, West Virginia, in the Old Stone church.

The Synod of Virginia at present contains in its territory located in Virginia, West Virginia, Maryland and the District of Columbia with a total of 322 ministers and a church membership of 56,317. The transfer of three presbyteries from this synod to the Synod of West Virginia will remove to the new synod forty-three ministers, eighty-seven churches and 8,644 members of the church. In the number of ministers and members of the church the Synod of Virginia is the strongest of any of the fourteen synods in the General Assembly and when the Synod of West Virginia has been erected, the Synod of Virginia will continue to hold first place in the number of ministers and it will come a close second to the Synod of North Carolina in point of strength of church membership, 49,438 being the number of church members in the latter synod. Should as many as 9,000 additions to the membership of the church during the year just closing be reported to the session of the Synod of Virginia at Lynchburg, this synod would continue to lead all of the synods of the General Assembly in point of strength of church membership.

The number of churches in the Synod of Virginia at present is 717; number of elders, 1,790; number of deacons, 1,935; number added to the church last year on examination 3,072; number added on certificate 1,779; number of adults baptized 1,439; number of infants baptized 1,090; total enrollment in Sunday schools, 56,518.

Rev. Ernest Thompson, D.D., of Charleston, W. Va., is retiring moderator of the Synod of Virginia and Rev. James Power Smith, D.D., of Richmond, is stated clerk.

(Rev. John Lee Allison, pastor of the Second Presbyterian Church, Alexandria, and Elder William Campbell will attend the Synod.)

DEFENDED WIFE, HE SAYS.

Bohemian Kills Man Who Tried To Embrace Her.

Petersburg, Va. Oct. 17—Frank Pulley, a young white man whose skull was fractured with a stick held by Joseph Vondra Wednesday night, on the farm of Hatcher Seward in Prince George's county, died Thursday night, at Petersburg Hospital.

Vondra, a Bohemian, 32 years old has been placed under arrest.

Both men were working on the farm. Vondra alleges that he saw Pulley through a window trying to take his wife, Elizabeth, who is 22 years of age, in his arms. Mrs. Vondra repelled Pulley's advances and tried to get away from him. Pulley grabbed Mrs. Vondra and threw her to the floor, but she pushed him from her and struggled to her feet. He said he then got a stick and as he ran through the door Pulley again had thrown his wife to the floor. He said he then struck Pulley with the stick.

Norfolk, Va., Oct. 17—The Supreme Council Knights of the Golden Eagle closed its convention here yesterday by electing the following officers.:

John W. Ford, Philadelphia, supreme chief; Thomas H. White, Clayton, Del., supreme high priest; John R. Triebler Philadelphia, supreme master of records; William Culbertson, Philadelphia, supreme master of exchequer, and Dan F. Billmeyer, Baltimore, supreme herald.

CYCLONE STRIKES TOWN.

Houses Overturned and People Injured in North Carolina.

Concord, N C., via Charlotte Oct. 17—A cyclone of smashing force, with a path a hundred and fifty feet wide and a mile long, swept through the heart of the city Thursday afternoon at 3 o'clock, overturning houses, uprooting trees and injuring several people, though none fatally. More than a hundred houses are damaged and fifteen are total wreck.

The cyclone was as sudden as it force was terrific. Storms of this kind are practically unknown in this section, so, caught unawares, persons on the streets were blown over and those on porches were jammed against walls and railings with crushing force.

Thomas Hopkins, proprietor of the Concord Bakery, who was struck and cut by falling timbers when the roof of his bakery was torn off, is probably the most seriously hurt.

Mrs. Bryant, with her three days old infant, were blown from her home into Simpson street, where they were rescued, unhurt, from the debris by neighbors. There were other escapes from death almost as wonderful, many people being pulled from beneath their demolished dwellings.

Hundreds of great trees were uprooted, and, falling into trolley and telephone wires, added to the weird disorder. The cyclone came in the heaviest of a down pour of rain which had been falling copiously throughout the day.

STICK BY BATTLESHIPS.

American Naval Officers Say They Are the Ideal Weapon.

Washington, Oct. 17.—The sinking of the British cruiser Hawke by a German submarine attracted particular attention in naval circles here, following as it did the loss of several other British warships in the same manner.

In no perceptible degree, however, have these disasters weakened the conviction of the senior American naval officers that the battleship is still the ideal naval weapon of offense and defense. It is admitted, though, that where submarines can be operated under conditions such as obtain in the late fall and winter season in the North Sea they are capable of working great harm to a blockading fleet.

BRIDAL TRIP ON MOTORCYCLE.

Pennsylvania Couple Rode to Elkton in Rain.

They made the run from the Pennsylvania city to the Gretna Green of Maryland in record time, notwithstanding most of the journey was made in the rain. The couple lost no time in procuring a license from Deputy Clerk Charles S. Peacock, after which they went to a hotel, changed their clothing had lunch and then called upon Rev. John McElmoyle, of the Elkton Presbyterian Church who performed the marriage ceremony.

IRVINE'S CHANCES.

Democrats Believ That the Party Organization Means Slemp's Defeat.

Richmond, Vt. Oct. 17—R. Tate Irvine, the Democratic candidate for Congress in the Ninth District is reported to have more than an even chance for winning the certificate in the election to be held November 3rd.

Such is the report that comes to this city from those who are in close touch with the situation in that section. They have made a close study of the campaign, they know what sort of an organization there is, they know what work has been done and is being done.

For the last four years the Democrats have been organizing in every precinct and getting ready for the time when the Democrats should take over the district from the Republicans. That time is believed to have come. The fact that the Republicans have lost their places at the pie counter has disheartened many of those who were recognized as "leaders" while they held fat places, the result being that they are not registered as they have been doing up to last year.

Attention has been paid by the Democrats to every part of the district. The voters realize that there is no telling just when positions will be offered to some of them and they also want to rid themselves of the regime of Slemp. Governor Stuart said yesterday that he did not know exactly when he would be able to get to that section, but he will go as soon as possible and make several speeches for Mr. Irvine.

Senator Buchanan will spend a few days in that work, and Attorney General Pollard is to spend a week there beginning October 24th., opening in Russell and closing in Marion on the 31st.

PLIGHT OF WOUNDED.

Many German Soldiers Lay Suffering Among Corpses While Surgeon Drunk.

Paris, Oct 17—"Horrible" and "revolting" are some of the terms used by Maurice Barres, the French academician, in describing the condition of the German wounded at Raon L'etape on the eastern battle front.

M. Barres, who has just returned from a tour of the right wing of the allies said:

"The conditions I found among the German wounded were more awful than words could describe.

"When the French re-entered Raon L'etape they found German ambulances installed in the barracks which were being used as a hospital. In some of the rooms the wounded lay amongst corpses that had been lifeless for a fortnight. The filth was horrible, revolting. The wounded were half mad with pain and terror. The French found some operations half completed and others which had not been dressed, after the suregon's knife had finished its work.

"Wounds were festered frightfully and in some instances gangrene had set in and the flesh was eaten away. Near the town one of the most famous surgeons in Germany was quartered, but I was told that he had been drunk for a fortnight and had not once visited the wounded."

Joseph Mantz, of Fredonia, 75 years old, shot and killed his wife, aged 75, yesterday, in New York, and then committed suicide.

GLOOM HANGS OVER ITALY

Queen Helena Suffering From Serious Malady and Expecting Visit From Stork.

Rome, Oct., 17—(By mail to New york)—Behind the official attitude of Italy in the great war drama of Europe there lurks a tragedy of domestic sadness which has unquestionably played its part in the efforts King Victor Emmanuel has made to prevent his country becoming involved in the great conflict.

It is now known in official circles that Queen Helena expects to become a mother the first part of December This happy event in the most demestic of European royal families is today tinged with a sorrow unknown upon the four preceding occasions when the Queen presented Itlay with three princesses and the heir to the throne.

It has been acknowledged by the court physicians that the Queen is suffering from cancer of the arm. The delicate condition of the Queen has bade an operation impossible.

FINANCIAL CONDITIONS.

When the Gazette has from time to time stated its own views, and also published approvingly the views of those connected with Alexandria's official life, as to living within our income, the policy has not always been accepted by a few persons in this city.

The "Investment Bankers' Association of America" has issued a circular letter from its headquarters in Chicago, addressed to the various cities and counties in the United States. We quote, in part from the circular letter:

" Important: Please read carefully and reply."

"The European War, which has disturbed general financial conditions, has materially restricted the demand for municipal securities; that is, bonds issued by cities, counties, towns and school, road, and drainage districts in the United States. A number of our large cities have offered their bond issues for sale without receiving any bids.

"The Investment Bankers' Association includes among its membership practically all of the banks, trust companies and bond houses in this country which make a business of buying and selling municipal bonds. The association is especially desirous of having the established value of municipal issues maintained so far as possible. This is of importance not only to the present owners of bonds now outstanding, but also to all municipalities, To accomplish this the supply of new municipal issues should not outrun the demand.

"This association desires your co-operation and strongly urges that you advise officials in your section to keep new issues at a minimum and to postpone any new construction or improvement work until finincial and investment conditions are somewhere near normal.

"This association is willing and desirous of co-operating with municipal and county officials toward handling the present situation to the best advantage of all concerned. Maturing bond issues which must be refunded to prevent defaults are of course, entitled to first consideration."

It should be noted, and we again quote from the circular letter—"A number of our large cities have offered their bond issues for sale without receiving any bids," and also this: "To postpone any new construction or improvement work until financial and investment conditions are somewhere near normal." This is the advice given by financial institutions which are willing to assist only in refunding or other outstanding obligations which must be met. This month Spitger, Rovick & Co. bankers, New York, Chicago and Toledo, sent to the cities a circular to which we refer, and in which they say:

"You no doubt are fully aware of the foreign war situation and consequently unsettled financial conditions and that many cities now find that they are unable to dispose of their bonds.

Even New York City who usually sells 4 per cent and 4½ per cent bonds, recently sold $100,000,000. 6 per cent bonds at 98c."

To sell these bonds even as high as 98 cents New York city spent thousands and tens of thousands of dollars in advertising their sale. New York city is the metropolis of the United States. Some people know just as much about these matters as some other people.

FLEECED OUT OF $1,300

Resident of Rocky, Gap, Va. Has Costly Experience in Norfolk.

Norfolk, Oct. 17.—Doped out of $1,000 by a supposed friend who left Tuggle standing alongside the Lynnhaven hotel while he went inside to get the money to pay Tuggle $500 which he won, W. D. Tuggle, of Rocky Gap, Va., reported his loss to the detective department on Thursday night.

Tuggle said he arrived in Norfolk Wednesday from Rocky Gap, and intended to go to Cape Charles. About 4 o'clock, he said, he made the acquaintance of a man who suggested a walk up the street to see the ruins of a building which had just caved in. On the way up it was suggested that they match for drinks, This was done and after Tuggles won, a third man met them and they started matching for money. The stakes increased until a bet of $550 was made. Tuggle said he won again.

The second man produced his $500 when the first man, who claimed his name was C. E. Derrick of Baltimore said he did not think Tuggle had $500. Tuggle said he had not at that time but could get it. An additional $500 bet was made that he could not do so. Tuggle went to Blue field Wednesday night and after securing the money started back to Norfolk arriving at 8.15 o'clock Thursday night. Derrick is said to have met him at the Union Station

They went to the Lynnhaven hotel where the third man was called from the hostelry and the trio went to the alleyway. Tuggle produced his $1,000, and let his new friend hold it. The "friend" said he would go inside to get the money Tuggle had won. He went in and that was the last seen of him. Tuggle started to investigate, but man and money were gone.

DENIES LOSS OF TWO SHIPS.

London, Oct. 17.—An unconfirmed rumor, widely circulated throughout London today, declared that the big cruisers Invincible and Terrible have been torpedoed and sunk by the German submarine in the North Sea

So persistent were the reports that the official press bureau at the instance of admiralty, issued an official statement discrediting them.

It was positively stated that no report of any further operations by German submarines had been received here since yesterday's announcement that the cruiser Hawke had been sunk. The admiralty insisted that the rumor was utterly with out foundation.

"In Marmaros-Sziget, Hungary, the enemy has been pursued by Austrian detachments, which have occupied Palais," says the official statement.

"In the valley of the Black Bistrica the Russians are retiring. Our troops have followed them to Zielona.'

The General says:

A well-satisfied customer is seldom lost. He will come back to the same house of business which has given him satisfaction and service before. The next time you are in the market for roofing remember—

Certain-teed

Quality Certified Roofing Durability Guaranteed

—has won its way to the front because customers who have covered one building with *Certain-teed* want it for other buildings.

They know by experience that *Certain-teed* is the highest quality roofing possible to buy and they know it is reasonable in price.

PRICE MAINTENANCE.

Its Necessity to Aid Consumer.

Many big industries engaged in national trade have often in the part done openly what the small concerns in their limited fields have done secretly—varied prices according to the degree of competition at different times and places. Their object has been to secure the highest price to be had, irrespective of whether the buyer was held up or not.

The principle of selling goods at a close margin at one place to meet or to kill competition, and charging a high price, to make up for it, where little or no competition exists, is economically wrong and unfair to the buyer. Every article offered for sale should have a uniform price plainly marked upon it.

Manufacturers will then have to see that the price of their goods is a reasonable one, so they will sell, and at the same time they will provide enough profit to pay the jobber and dealer fairly for handling the goods at a uniform price. This will inspire confidence in the consumer, because he will know the price can not be cut and must, therefore, be a reasonable one to permit the goods to sell. He will buy such goods in preference to a small selling article sold at exaggerated profits.

Everybody will benefit from price maintenance in this way. It will protect the manufacturer who has built up well-known brands, also the newcomer who is seeking to do so. Distributors will be protected in handling it at a fair profit, and they will not be forced, through fear of cut-throat competition, to build up their own private brands at much expense.

When you buy *Certain-teed* you have our real guarantee that it will last at least five years for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and this guarantee is backed by the world's largest roofing mills.

There is a dealer in your city or town who handles *Certain-teed* products. He will be glad to give you information and prices.

Why Not Publish It?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

DISCONTENT IN GERMANY.

People in Berlin Begin to Doubt Official Communications

Geneva, Oct. 17.—Travelers who have just arrived here from Berlin say, despite all official attempts to advertise German successes, the population of Berlin is beginning to doubt the official communications. Enthusiasm for the war has greatly diminished in the last few weeks, for the truth about the hostilities is becoming gradually known, partly through the stories of the wounded who have returned from the front and partly through certain socialistic journals.

Moreover, food is becoming constantly more scarce and high, while lack of work is spreading with extraordinary rapidity, and workmen are beginning to complain because many public works are being conducted by prisoners of war, while native Germans wander the streets with their hands in their pockets.

Passing throughg Germany from Berlin to Switzerland, returned travelers say it is everywhere evident that the German people in general know nothing except what is officially told them. They are totally ignorant concerning the diplomatic negotiations preceding the hostilities, and also of what has passed in the theater of war. Many Germans believe England is fighting France as well as Germany.

Mrs. Lee Entitled to Pension.

Washington, D. C., Oct. 17.—Mrs. Ellen Bernard Lee, widow of Brigadier General Fitzhugh Lee, of Virginia, may draw the $488.56 longevity pay due her husband, in spite of the fact that he fought in the civil war as an officer in the army of the Confederate States, according to a decision by Comptroller of the Treasury Downey.

Despite the contention that Mrs. Lee was not entitled to draw money due a former "rebel," the comptroller decided that the revised statues permit her to draw the money because General Lee served in the Spanish war volunteer army in 1898.

The decision also holds that the point that Mrs. Lee was herself disloyal to the Union is unsound, because disloyalty cannot legally be imputed to a minor, which she was during the struggle.

Check the Symptoms of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flattering nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alterative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case:—

305 W. 36th St., New York.

"Gentlemen: I am writing you this testimonial that others may know what your Alterative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korhamer, who is a friend of mine, recovered after taking your Alterative and assisted that I try it. I am now, after two years, perfectly well, strong and healthy."

(Affidavit). MRS. ROSA VOELPEL.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years and will help you, too.

Try Cardui. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for *Special Instructions* on your case and 64-page book, "Home Treatment for Women," in plain wrapper. H.C. 183

NOTICE.

I hereby announce myself a candidate for Congress to represent the people of the Eighth Congressional District of Virginia, in the Sixty-fourth Congress. Election to be held November 3rd, 1914.

And believing it the right of every voter to know, and the privilege and duty of every candidate to state his position on a question of paramount importance at this time, I wish to say that I supported state wide prohibition in the recent election, and am in favor of national legislation abolishing the liquor traffic in the United States.

Very Respectfully,
JAMES E. JOHNSTON.
